Friday, September 18, 2009

Hyderabad-based Choice Solutions finally entered into the Silver Club this year at #25, posting a modest growth of 17 percent. Considered as one of the 500 fastest growing companies in Asia Pacific by Deloitte Technology for the year 2008, the company was felicitated at an event at Singapore.

HP too recognized the company for being the top performing partner for volume storage in India. However, the highlight for the company is really its achievement of the ISO 9001:2008 certification.

In the last fiscal, the company loved its competence and expertise on managed services. It set up several network operated centers and data center consulting services respectively and incurred huge profits.

Focused on the data center management business, the company executed several data center projects including those for AOC, Orange Business Services, WNS Global Services, Accenture and Center for Development of Advanced Computing (CDAC).

SILVER CLUB RANK (2007-08): 30	CEO: KV Jagannath Start-up year: 1991 Employees: 430 Collaborations: WinRaR, Trend Micro, Citrix, Oracle, Symantec, Adobe, Cisco, VMware, Microsoft, etc Address: #50, Road 72, Prashasan Nagar, Jubilee Hills, Hyderabad - 500034 Tel: 23546100
 	

## HIGHLIGHTS

- Recognized as one among 500 Fast Asia Pacific companies by Deloitte Technology
- Completed ISO 9001:2008 certification

Besides such endeavors, it built an expansive server room for Quintiles Technologies and provided infrastructure solution integration-Phase-1 and 2 for Ivy Comptech. It seems as though Choice is looking forward to tap certain new industry verticals like the central government, telecom, BFSI, SMB for RIMS and ERP. This year the company has decided to explore newer geographical territories like Gujarat, Orissa, Himachal Pradesh and Madhya Pradesh.
