In the 13th edition of CRN Xcellence Awards 2013, CRN has awarded 26 enterprise VARs and SIs during 3-day CRN Leadership Summit attended by 110 technology integrators and 19 leading IT vendors. CRN has awarded 26 leading enterprise VARs and SIs in the 13th edition of *CRN Xcellence Awards 2013* at a scintillating evening on August 23, 2013, at The Leela, Kovalam.

The CRN Xcellence Awards is part of the three-day *CRN Leadership Summit* that witnessed participation from 110 leading technology integrators and 19 leading IT vendors. The awards were sponsored by Symantec. The most coveted award of the night, the CRN Outstanding Channel Contribution Award was conferred on Alok Ohrie, President and Managing Director, Dell India, for his integral contribution to the creation, nurturing, and shaping the IT channel ecosystem.

“I am highly humbled to receive the most prestigious channel award. The CRN Outstanding Channel Contribution Award is a testimony to my over 25 years of contribution to the IT industry. However, this achievement would not have been possible without you (partners), who supported me at every level and stage,” said an enthralled Ohrie.

The award recognized his instrumental role in creating a robust IT channel ecosystem. He was among the first in the industry to set up the commercial PC channels at IBM. Moreover, his contribution to build the server and storage channel in India has been the most remarkable. For this year’s awards, CRN received 175 nominations from 25 cities.
